

Rancho Windyki, an agro-tourist horse farm, is set over 6 hectares of beautiful Mazurian countryside, 6 kms from Iława. It is bordered by forests and the magnificent Swan Lake, a waterfowls reserve. Here, the exceptional atmosphere is created, not only by its stunning natural environment and beautiful horses, but also by the interesting guests you can meet during your staying in this place. Rancho Windyki offers 9 family rooms or suits, a restaurant with 30 seats, specializing in organic home cooking. For those preferring to eat „al fresco” we have a covered terrace and barbecue. After enjoying delicious meals, our guests can relax on our private beach or for the more active guests, we offer volleyball, cycling and windsurfing. Anglers are welcome to fish from our jetty or hire a rowing boat. However, a special attraction of Rancho Windyki are our beautiful well adjusted horses. Riding lessons are offered for adults and children by a qualified instructor with tracks for the more experienced riders. One of our most popular features are the open carriage rides available all year round. In winter our horse-drawn sleigh rides, ending with sausage roasting on an open bonfire, are a particular favorite by our guests.

On special request following pleasures are offered:

- canoe trips,
- yacht trips on Lake Jeziorak, the longest inland lake in Europe,
- bike trip,
- guided walking tours,
- horse tracks, open - carriage rides, horse drawn sleight rides,
- cross country skiing,
- feasts in the style of the Polish Cavalry and picnics,
- weddings, birthdays and others special occasions.
